Cathy and Tom Plantenberg
Applied Media Group
2606 30th Ave NE
Minneapolis, MN 55418

Dear Cathy and Tom:

Thank you for presenting at our Annual Community Mental Health Conference, *Resilience, Renewal, Recovery*. We are pleased to send you the evaluation results of your session, "Music With Intention." We hope that this information will be useful to you.

The attached sheet shows how your session was rated by participants on three criteria using a scale of 1 to 5 (1= low, 5= high):

- how interesting it was;
- how useful the session was;
- how well the session met its objectives.

In addition, we have included any comments from participants.

The "rating" column refers to the average ranking of your session as reflected on participant's evaluations and the "count" is how many participants evaluated your session. Please keep in mind that the sample size of participants is often very small and may not reflect the rating that would be given by the total group.

We encourage you to stay involved. Please consider presenting again or encourage friends or colleagues to be a presenter at next year's fall conference which is scheduled for September 24-26, 2003 with Pre-Conference Institutes on September 23 and 24.

Thank you so much for sharing your knowledge and skills at our conference. We are grateful for the quality and variety of the presentations.

Please call if you have any questions or comments.

Sincerely,

Melissa Henderson
Manager of Education & Member Services
